DETAILED ACTION

1. Claims 50 and 52-56 are pending as amended on 26 July 2007, claims 1-49, 51 and 57-67 being cancelled.
2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 26 July 2007 has been entered.
3. The text of those sections of Title 35, US Code not included in this action can be found in a prior Office action.

Response to Amendment

4. Applicant's amendment, filed 26 July 2007, specifically canceling claims 51, 64 and 65 and requiring the wettability change layer to comprise a metal salt selected from the Markush group of independent claim 50, has been fully considered and overcomes the following:

The rejection of claims 50-56, 64 and 65 under 35 USC 103(a) as being unpatentable over US Patent 6,294,313 (Kobayashi hereinafter) has been withdrawn.

Allowable Subject Matter

5. Claims 50 and 52-56 are allowed.

The following is an examiner's statement of reasons for allowance: Kobayashi, the closest prior art, teaches a similar wettability changing layer, but fails to teach the inclusion of a metal salt selected from the Markush group specified in independent claim 50.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
